

Zynex CryoHeat

Hot Cold Water Therapy System

Zynex CryoHeat

The Zynex CryoHeat system delivers pain relief to post-operative pain and other body parts due to arthritic pain, carpal tunnel syndrome, back pain, and many other pain conditions.

The Zynex CryoHeat delivers localized cold or hot water fluid therapy to patients either in the home or during their hospital visit.

Two Conservative Treatments

The NexWave electrotherapy device and the CryoHeat make an ideal combination for pain management. Combining the two provides the benefits of electrotherapy and hot/cold therapy at the same time or separately.

Perfect for Home Use
